

MUHAMMAD AMEER MUAWIYA

WEB DEVELOPER

ABOUT ME

A passionate Web Developer Intern with a drive to create exceptional user experiences through the use of **HTML**, **CSS**, and **JavaScript**. Seeking a position to leverage strong technical and problem-solving skills and extensive web development knowledge to achieve organizational efficiency, reduce page load speeds, and optimize user interfaces.

PERSONAL PROJECTS

Interactive Web Calculator

- Implemented a responsive user interface using HTML and CSS, ensuring seamless interaction across various devices and screen sizes.
- Developed JavaScript logic to support basic arithmetic operations, including addition, subtraction, multiplication, and division.
- Incorporated error handling to prevent invalid calculations and enhance user feedback.

Interactive Todo List Web Application

- Developed a responsive user interface with HTML and CSS, ensuring seamless task management across various devices and screen sizes.
- Utilized JavaScript to implement dynamic functionality, enabling users to add, mark as completed, and delete tasks without reloading the page.
- Incorporated local storage to persist user tasks, allowing for data retention across sessions and browser refreshes.

JavaScript Form Validation

- Developed a client-side form validation system using JavaScript to validate user inputs in real-time before submission.
- Implemented validation for various input types, including text, email, password, and numeric fields, ensuring accurate data entry.
- Provided instant feedback to users through error messages and visual cues, improving usability and reducing frustration.
- Designed a responsive and user-friendly interface with CSS, ensuring that validation messages seamlessly integrate with the form design.
